## STUDENT ACHIEVEMENT DATA

### RETENTION RATES

**Retention rates** are calculated based on the number of full-time students who enrolled in their first university degree program in the given year and who also re-enrolled the following year.

### GRADUATION RATES

**Graduation percentage** rates are calculated based on the number of students who enrolled in a program in a given year (the “cohort”); and who graduated within 150% of their expected time to graduation (i.e., Bachelor’s degree students are expected to complete their degree programs in four years, therefore 150% of the expected time = six years. Master’s degree students are expected to complete their degree programs in two years, therefore 150% of the expected time = three years).
